<u>NOTE 1:</u> ORGANIZATION AND BASIS OF FINANCIAL STATEMENTS

1.1. General information

These interim condensed financial statements had been prepared in accordance with the prescriptions of IAS 34.

1.2. Accounting

The Bank maintains its accounting records and prepares its statutory accounts in accordance with the commercial, banking and fiscal regulations prevailing in Hungary.

The presentation currency of the Bank is the Hungarian Forint ("HUF").

Some of the accounting principles prescribed for statutory purposes is different from those generally recognized in international financial markets. Due to the fact that the Bank is listed on international and national stock exchanges, the Bank is obliged to present its financial position in accordance with the International Financial Reporting Standards ("IFRS"). Certain adjustments have been made to the Bank's Hungarian separate statutory accounts in order to present the separate financial position and results of operations of the Bank in accordance with all standards and interpretations approved by the International Accounting Standards Board ("IASB"), which are referred to as IFRS.

The separate financial statements have been prepared in accordance with IFRS as adopted by the European Union (the "EU"). IFRS as adopted by the EU do not currently differ from IFRS as issued by the IASB, except for portfolio hedge accounting under IAS 39 Financial Instruments: Recognition and Measurement ("IAS 39") which has not been approved by the EU. As the Bank does not apply portfolio hedge accounting under IAS 39, there would be no impact on these separate financial statements, had it been approved by the EU before the preparation of these financial statements.

NOTE 2: SIGNIFICANT EVENTS DURING THE YEAR ENDED 31 DECEMBER 2014

- 1) Establishment of OTP Holding Malta Limited
- 2) OTP Group acquisition in Romania
- 3) Establishment of OTP Financing Malta Company Limited
- 4) Capital increase in OTP Banka Slovensko
- 5) Change of ownership structure in OTP Factoring Ltd.

See details about the events above in Note 7.

6) Government measures related to consumer loan contracts

Act XXXVIII of 2014 on "Settlement of certain issues concerning the Uniformity Decision of the Supreme Court related to consumer loan agreements provided by financial institutions" ("Curia Law") was promulgated on 18 July 2014.

The Hungarian Parliament has adopted on 24 September 2014 the Act XL of 2014 on "Rules of the settlement and certain other issues put in Act XXXVIII of 2014 on Settlement of certain issues concerning the Uniformity Decision of the Supreme Court related to consumer loan agreements provided by financial institutions" ("Act on Settlement"), based on that financial institutions need to settle up with their clients on account of overpayments arisen from invalidity of the bid-ask exchange rate spread and unilateral amendment of contractual clauses.

Act on Settlement has specified the regulations of Curia Law; obligation of settlement does not apply to credit cards, current account loans and mortgage housing loans supported by State. Furthermore amount due to consumers can be reduced by total amount of allowances.

Act LXXVII of 2014 on "Settlement of certain issues concerning the modification of the currency and interest conditions related to consumer loan agreements" was promulgated. The act includes regulations about the conversion of foreign currency consumer mortgage loans into HUF which became legally effective on 1 February 2015 ("Act on Conversion into HUF"). Hereinafter three acts together are called as Acts on Consumer Loans.

Based on these regulations OTP Bank recognised the following items in the financial statements as at 31 December 2014:

NOTE 2: SIGNIFICANT EVENTS DURING THE YEAR ENDED 31 DECEMBER 2014 [continued]

6) Government measures related to consumer loan contracts [continued]

a) Act on Settlement

OTP Bank's reimbursement obligation related to invalidity of the bid-ask exchange rate spread will be prospectively in amount of HUF 7.4 billion. Related to bid-ask exchange rate spread OTP Bank recognised provision for impairment in the amount of HUF 332 million during the year 2013.

Based on unilateral amendment of contractual clauses being assumed unfair, OTP Bank, based on estimation of the amount of expected obligation related to loans under legal proceeding, recognised contingent liability and provision for impairment in the amount of HUF 36.7 billion. In case of these amounts, provision for impairment on mortgage loans concerned in conversion into HUF was recognised at foreign exchange rates applied in conversion into HUF in financial statements as at 31 December 2014 (CHF: 256.47; EUR: 308.97; JPY: 2.163).

b) Act on Conversion into HUF

Based on the Act on Conversion into HUF, in case of mortgage loans concerned in conversion into HUF, OTP Bank records the foreign currency loans, provision for impairment, accrued interest and provision at foreign exchange rates applied in conversion into HUF in IFRS financial statements as at 31 December 2014.

The foreign currency loans concerned in conversion into HUF need to be derecognised at the time of conversion into HUF from IFRS financial statements and the HUF loans need to be recognised as new loans. According to IFRS, HUF loans shall be recognised initially at fair value and below-market interest rule is needed to be applied. Based on expected negative fair value of loans, provision for impairment was recognised in the amount of HUF 456 million in the Bank's separate IFRS financial statements.

c) Effect of the Acts on Consumer Loans on the Group

Provision on losses expected from bid-ask exchange rate spread and unilateral amendment was recognised up to OTP Bank's separate expected losses in the Bank's financial statements as at 31 December 2014. Provision on expected losses in case of subsidiaries is recognised by subsidiaries in their financial statements.

In the level of the Group provision recognised due to Act on Settlement is the following (in HUF mn):

Total	<u> </u>
OTP Real Estate Leasing Ltd.	4.963
Merkantil Car Ltd.	2,283
Merkantil Bank Ltd.	20,066
OTP Mortgage Ltd.	88,537
OTP Bank Plc.	44,127

In order to eliminate the negative effects of the Acts on its subsidiaries' financial position and to secure the continuous capital adequacy, OTP Bank provided capital contribution in amount of HUF 78,304 million in December 2014. At the same amount investment in subsidiaries were increased.

OTP Mortgage Bank Ltd.	56,581
Merkantil Bank Ltd.	16,826
OTP Real Estate Leasing Ltd.	4,897
Total	<u>78,304</u>

At the same amount provision for impairment on investment in subsidiaries was recognised.

OTP Group still maintains the point of view that the group members keep completely the effective regulations during its loan activity practice.

NOTE 2: SIGNIFICANT EVENTS DURING THE YEAR ENDED 31 DECEMBER 2014 [continued]

6) Government measures related to consumer loan contracts [continued]

d) Introduction of deferred tax relating to acts on consumer loans

Prescription 29/ZS § of the Act LXXXI of 1996^1 enables – based on accounting regulations in 44§ of Act on Settlement – to recognise tax difference ("tax receivables") calculated for clients' overpayments relating to consumer loan agreements in the form of corporate tax, special tax of business partnerships, local business tax, innovation contribution, special tax of financial institutions, up to the tax declared and paid for the 2008-2014 tax years. Tax receivable shall be deducted from the amount of corporate tax payable for the 2015 and the following tax years.

Furthermore prescription 29/ZS § of the Act LXXXI of 1996 enables to provide non-repayable financial support or grant for subsidiaries, for covering the costs and expenses directly incurred in connection with implementation of the Act on Settlement. This support has been claimed as expense during calculation of corporate tax. OTP Bank proposes to provide financial support for its subsidiaries to cover their losses.

The Bank recognized 30.5 billion HUF deferred tax receivable in the separate financial statements prepared for year 2014 due to the expecting tax receivable based on act on settlement and considering the contribution provided to the subsidiaries.

e) Derivative deals contracted due to the obligations in relation with the act on consumer loan agreements

The Bank hedged its theoretically opened position due to the effect of Act on Settlement and Act on Conversion into HUF with spot and derivative deals contracted with NBH. With those subsidiaries which were affected by the Act on Settlement the Bank concluded further derivative deals to have been covered all the opened foreign exchange positions of the subsidiaries, so all the opened foreign exchange position was covered on Group level by EUR/CHF market transactions.

NOTE 3: POST BALANCE SHEET EVENTS

1) Capital increase in OTP Bank Romania

See details in Note 7.

2) Act on Fair banking

Act LXXVIII of 2014 known as Act on Fair banking was promulgated that modified the Act CLXII of 2009 on Consumer Credit. The Act on Fair banking is aimed at making the variation in interest of consumer loan contracts transparent and traceable. Regulations of the act are effective from 1 February 2015.

The Act includes new regulations for modification of loan contracts, rules for uncharged cancellation by clients, special directions for foreign currency loans and rules of change for new contract conditions. The Act prescribes in relation with unilateral amendment of contractual clauses that interest, spread, cost and fee can be solely modified disadvantageously. Disadvantageous amendment for clients is not allowed in other conditions.

Partial write-off

OTP Bank applies partial write-off for loans based on the definitions and prescriptions of financial instruments in accordance with IAS 39 and IFRS 9. If OTP Bank has no reasonable expectations regarding a financial asset (loan) to be recovered, it will be written off partially at the time of emergence. A loan will be partially written off if it has matured or was terminated by the Bank.

The gross amount and impairment loss of the loans shall be written off in the same amount to the estimated maximum recovery amount while the net carrying value is being unchanged. In these cases there is no reasonable expectation from the clients to complete contractual cash flows therefore OTP Bank does not accrue interest income in case of partial write-off. Whole amount of accrued interest being part of the amortized cost, recognized as income up to the partial write-off, will be written off.

Loan receivables legally demanded from clients are equal to the full amount of receivables before the partial write-off.

Loan receivables have been partially written off at the amount of HUF 61,159 million in the year ended of 31 December 2014.

¹ Securities issued by the NBH were changed into two-weeks NBH deposit in the year ended 31 December 2014.

At the balance sheet date the Bank was involved in various claims and legal proceedings of a nature considered normal to its business. The level of these claims and legal proceedings corresponds to the level of claims and legal proceedings in previous years. The Bank believes that the various asserted claims and litigations in which it is involved will not materially affect its financial position, future operating results or cash flows, although no assurance can be given with respect to the ultimate outcome of any such claim or litigation. Provision due to legal disputes was HUF 998 million and HUF 554 million as at 31 December 2014 and 2013, respectively.
