## INDEPENDENT AUDITORS' REPORT

To the Shareholders and Board of Directors of OTP Bank Plc.

We have audited the accompanying consolidated financial statements of OTP Bank Plc. and its subsidiaries, which comprise the consolidated balance sheet as at December 31, 2006, and the related consolidated income statement, statement of changes in equity and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with International Financial Reporting Standards as adopted by the European Union. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

Audit.Tax.Consulting.Financial Advisory.

Registered by the Budapest Court of Registration  
Company Reg. No.: 01-09-071057

A member of  
Deloitte Touche Tohmatsu

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Opinion*

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of OTP Bank Plc. and its subsidiaries as of December 31, 2006, and of its consolidated financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union.

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 1: ORGANIZATION AND BASIS OF CONSOLIDATED FINANCIAL STATEMENTS**

**1.1. General information**

OTP Bank Plc. (the "Bank" or "OTP") was established on December 31, 1990, when the predecessor State-owned company was transformed into a public liability company.

The Bank's registered office address is 16 Nador street, Budapest 1051.

In 1995, the Bank's shares were introduced to the Budapest and the Luxembourg stock exchanges and were also listed on SEAQ London and PORTAL (USA).

As at December 31, 2006 approximately 96.2% of the Bank's shares were held by domestic and foreign private and institutional investors. The remaining shares are owned by employees (3%) and the Bank (0.8%).

The Bank and its subsidiaries (together the "Group") provide a full range of commercial banking services through a wide network of 1,085 branches. The group has operations in Hungary, Bulgaria, Slovakia, Romania, Croatia, Serbia, Ukraine and Russia.

As at December 31, 2006 the number of employees at the Group was 26,866. The average number of employees for the one year period ended December 31, 2006 was 24,535.

**1.2. Accounting**

The Group maintains its accounting records and prepares its statutory accounts in accordance with the commercial, banking and fiscal regulations prevailing in Hungary and in case of foreign subsidiaries in accordance with the local commercial, banking and fiscal regulations.

The Group's functional currency is the Hungarian Forint ("HUF").

Due to the fact that the Bank is listed on international and national stock exchanges, the Bank is obliged to present its financial position according to the International Financial Reporting Standards in order to present the consolidated financial position and results of operations of the Bank in accordance with all standards and interpretations approved by the International Accounting Standards Board (IASB), which are referred to as International Financial Reporting Standards (IFRS). These standards and interpretations were previously called International Accounting Standards (IAS).

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 1: ORGANIZATION AND BASIS OF CONSOLIDATED FINANCIAL STATEMENTS [continued]**

**1.2. Accounting [continued]**

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards as adopted by the European Union (the "EU"). IFRS as adopted by the EU do not currently differ from IFRS as issued by the International Accounting Standards Board (IASB), except for portfolio hedge accounting under IAS 39 which has not been approved by the EU. As the Group does not apply portfolio hedge accounting under IAS 39, there is no impact on these consolidated financial statements, had it been approved by the EU at the balance sheet date.

**1.2.1. The effect of adopting revised International Financial Reporting Standards effective from January 1, 2006 on the 2006 financial statements**

Effective from January 1, 2005 the Bank has adopted all of the new and revised Standards and Interpretations issued by the International Accounting Standards Board (the IASB) and the International Financial Reporting Interpretations Committee (IFRIC) of the IASB that are relevant to its operations and effective for accounting periods beginning on January 1, 2006, especially:

- Amendments to IAS 39 'Financial Instruments: Recognition and Measurement' in respect of cash flow hedge accounting and fair value option (effective January 1, 2006);
- Amendments to IAS 39 'Financial Instruments: Recognition and Measurement' and IFRS 4 'Insurance Contracts' for financial guarantee contracts (effective January 1, 2006);
- Amendments to IAS 1 'Presentation of Financial Statements' on capital disclosures (effective January 1, 2007).

The adoption of the above amendments had no significant impact on the 2006 consolidated financial statements.

Revisions to a number of other IAS also took effect in the consolidated financial statements of the Bank, but those revisions concerned matters of detailed application which have no significant effect on amounts reported.

**1.2.2. Changes in Accounting Policies arising from the Adoption of New IFRSs and Amendments to IASs effective January 1, 2007**

At the date of authorisation of these financial statements, the following standards were in issue but not yet effective:

- IFRS 7 'Financial Instruments: Disclosures' (effective January 1, 2007);
- the introduction of new disclosures regarding capital in IAS 1 (effective January 1, 2007);
- new interpretations (IFRIC 7, 8, 9, and 10)

The adoption of these standards and interpretations in the future periods is not expected to have a significant impact on the consolidated profit or equity.

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Significant accounting policies applied in the preparation of the accompanying consolidated financial statements are summarized below:

**2.1. Basis of Presentation**

These consolidated financial statements have been prepared under the historical cost convention with the exception of certain financial instruments, which are recorded on fair value. Revenues and expenses are recorded in the period in which they are earned or incurred.

The presentation of consolidated financial statements in conformity with IFRS requires management of the Bank to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and their reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Future changes in economic conditions, business strategies, regulatory requirements, accounting rules and other factors could result in a change in estimates that could have a material impact on future financial statements.

**2.2. Foreign currency translation**

Assets and liabilities denominated in foreign currencies are translated into HUF at exchange rates quoted by the National Bank of Hungary ("NBH"), or if there is no official rate, at exchange rate quoted by OTP as of the date of the consolidated financial statements. Income and expenses arising in foreign currencies are converted at the rate of exchange on the transaction date. Resulting foreign exchange gains or losses are recorded in the Consolidated Statement of Operations.

Net differences resulting from translating foreign currency financial statements of consolidated subsidiaries are presented as an element of retained earnings and reserves in the Consolidated Balance Sheet.

Effective for acquisitions after March 31, 2004 goodwill arising on acquisition is expressed in the functional currency of the foreign operation and translated at the closing rate in the consolidated balance sheet. The resulting exchange difference is presented as an element of retained earnings and reserves in the Consolidated Balance Sheet.

**2.3. Principles of consolidation**

Included in these consolidated financial statements are the accounts of those subsidiaries in which the Bank holds a controlling interest. The list of the major fully consolidated subsidiaries, the percentage of issued capital owned by the Bank and the description of their activities is provided in Note 30. However, certain subsidiaries in which the Bank holds a controlling interest have not been consolidated in accordance with IFRS because the effect of consolidating such companies is not material to the consolidated financial statements as a whole (see Note 2.10.).

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES [continued]**

**2.4. Accounting for acquisitions**

Upon acquisition, subsidiaries are accounted for under the purchase method of accounting. Any goodwill or negative goodwill arising on acquisition is recognized in the consolidated balance sheet and accounted for as indicated below.

The Group has applied IFRS 3 Business Combinations since March 31, 2004 for acquisitions after that date. Goodwill, which represents the residual cost of the acquisition after recognizing the acquirer's interest in the fair value of the identifiable assets, liabilities and contingent liabilities acquired, is held as an intangible asset and recorded at cost less any accumulated impairment losses in the Consolidated Financial Statements.

Goodwill acquired in a business combination is tested for impairment annually or more frequently if events or changes in circumstances indicate that it might be impaired.

Negative goodwill, when the acquirer's interest in the net fair value of the acquired identifiable net assets exceeds the cost of the business combination, is recognized immediately in the Consolidated Statement of Operations as other income.

**2.5. Securities held-to-maturity**

Investments in securities are accounted on a settlement date basis and are initially measured at fair value. At subsequent reporting dates, securities that the Group has the expressed intention and ability to hold to maturity (held-to-maturity securities) are measured at amortised cost, less any impairment losses recognised to reflect irrecoverable amounts. The annual amortisation of any discount or premium on the acquisition of a held-to-maturity security is aggregated with other investment income receivable over the term of the investment so that the revenue recognised in each period represents a constant yield on the investment.

Held-to-maturity investments include securities, which the Group has the ability and intent to hold to maturity. Such securities comprise mainly securities issued by the Hungarian Government and mortgage bonds.

**2.6. Financial assets at fair value through statements of operations**

**2.6.1. Securities held for trading**

Investments in securities are accounted on a settlement date basis and are initially measured at fair value. Held for trading investments are measured at subsequent reporting dates at fair value. Unrealised gains and losses on held for trading securities are recognised in profit/loss and included in the Consolidated Statement of Operations for the period. Such securities consist of Hungarian and foreign discounted and interest bearing Treasury bills, government bonds and other securities. Other securities include shares in commercial companies and shares in investment funds.

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES [continued]**

**2.6.2. Derivative financial instruments**

In the normal course of business, the Group is a party to contracts for derivative financial instruments, which represent a very low initial investment compared to the notional value of the contract. The derivative financial instruments used include interest rate forward or swap agreements and currency forward and swap agreements. These financial instruments are used by the Group to hedge interest rate risk and currency exposures associated with its transactions in the financial markets.

Derivative financial instruments are initially measured at fair value and at subsequent reporting dates at their fair value. Fair values are obtained from quoted market prices, discounted cash flow models and options pricing models as appropriate. Changes in the fair value of derivative financial instruments that do not qualify for hedge accounting are recognised in profit/loss and included in the Consolidated Statement of Operations for the period. All derivatives are carried as assets when fair value is positive and as liabilities when fair value is negative.

**2.6.3. Derivative financial instruments designated as a fair-value or cash-flow hedge**

Changes in the fair value of derivatives that are designated and qualify as fair value hedges and that prove to be highly effective in relation to the hedged risk, are recorded in the Consolidated Statement of Operations along with the corresponding change in fair value of the hedged asset or liability that is attributable to the specific hedged risk. The ineffective element of the hedge is charged directly to the Consolidated Statement of Operations.

Changes in fair value of derivatives that are designated and qualify as cash flow hedges and that prove to be highly effective in relation to hedged risk are recognised in the reserve among consolidated shareholders' equity. Amounts deferred in equity are transferred to the Consolidated Statement of Operations and classified as revenue or expense in the periods during which the hedged assets and liabilities affect the Consolidated Statement of Operations for the period. The ineffective element of the hedge is charged directly to the Consolidated Statement of Operations.

Certain derivative transactions, while providing effective economic hedges under the Group's risk management policy, do not qualify for hedge accounting under the specific rules of IAS 39 and are therefore treated as derivatives held for trading with fair value gains and losses charged directly to the Consolidated Statement of Operations.

**2.7. Securities available-for-sale**

Investments in securities are accounted on a settlement date basis and are initially measured at fair value. Available-for-sale investments are measured at subsequent reporting dates at fair value. Unrealised gains and losses on available-for-sale financial instruments are recognised directly in equity, unless such available-for-sale security is part of an effective fair value hedge. Such gains and losses will be reported when realised in profit and loss for the applicable period. Such securities consist of Hungarian and foreign discounted and interest bearing Treasury bills, government bonds and other securities. Other securities include shares in commercial companies, shares in investment funds, bonds issued by companies and mortgage bonds issued by other financial institutions.

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES [continued]**

**2.7. Securities available-for-sale [continued]**

Available-for-sale securities are remeasured at fair value based on quoted prices or amounts derived from cash flow models. In circumstances where the quoted market prices are not readily available, the fair value of debt securities is estimated using the present value of future cash flows and the unquoted equity instruments is measured at cost.

Those available-for-sale financial assets that do not have a quoted market price and whose fair value cannot be reliably measured by other models mentioned above, are measured at cost, less allowance for permanent diminution in value, when appropriate.

**2.8. Loans, placements with other banks and allowance for loan and placement losses**

Loans and placements with other banks are stated at the principal amounts outstanding, net of allowance for loan or placements losses, respectively. Interest is accrued and credited to income based on the principal amount outstanding. When a borrower is unable to meet payments as they come due or, in the opinion of the management, there is an indication that a borrower may be unable to meet payments as they come due, all unpaid interest is reversed and accruals are stopped.

The amount of allowance is the difference between the carrying amount and the recoverable amount, being the present value of the expected cash flows, including amounts recoverable from guarantees and collateral, discounted at the original effective interest rate.

Allowance for losses on loans and placements with other banks represent management assesment for potential losses in relation to these activities.

The allowances for loan and placement losses are maintained to cover losses that have been specifically identified and for potential losses which may be present based on portfolio performance.

Write-offs are generally recorded after all reasonable restructuring or collection activities have taken place and the possibility of further recovery is considered to be remote. The loan is written off against the related account "Provisions for loan and placement losses" in the statement of operations. If the reason for provisioning is no longer deemed appropriate, the redundant provisioning charge is released into income.

**2.9. Sale and repurchase agreements**

Where debt or equity securities are sold under a commitment to repurchase them at a pre-determined price, they remain on the balance sheet and the consideration received is recorded in liabilities Due to Banks. Conversely, debt or equity securities purchased under a commitment to resell are not recognised in the balance sheet and the consideration paid is recorded in Placement with other Banks. Interest is accrued evenly over the life of the repurchase agreement.

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES [continued]**

**2.10. Associates and other investments**

Companies where the Bank has the ability to exercise significance influence are accounted for using the equity method. However, certain associated companies in which the Bank holds a significant interest have not been accounted for in accordance with the equity method because the effect of using the equity method to account for such companies is not material to the consolidated financial statements as a whole. Shares which are intended to be disposed of are included among securities available-for-sale and measured at fair value.

Unconsolidated subsidiaries and associated companies that were not accounted for using the equity method and other investments where the Bank does not hold a controlling or significant interest are recorded at the cost of acquisition, less allowance for permanent diminution in value, when appropriate.

Gains and losses on the sale of equity investments are determined on the basis of the specific identification of the cost of each investment.

**2.11. Premises, equipment and intangible assets**

Premises, equipment and intangible assets are stated at cost, less accumulated depreciation and amortization and impairment, if any. The depreciable amount (book value less residual value) of the non-current assets must be allocated over their useful life. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets based on the following annual percentages:

Buildings	0.6 – 19.7%
Machinery and equipment	2.5 – 50%
Vehicles	3 – 50%
Leased assets	14 – 100%
Software	8 – 100%
Property rights	14.5 – 50%

Depreciation and amortization on premises, equipment and intangible assets commences on the day such assets are placed into service.

At each balance sheet date, the Group reviews the carrying value of its tangible and intangible assets to determine if there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated to determine the extent (if any) of the impairment loss. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Where the carrying value of premises, equipment and other tangible fixed assets is greater than the estimated recoverable amount, it is written down immediately to the estimated recoverable amount.

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES [continued]**

**2.12. Leases**

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

**The Group as lessor**

Amounts due from lessees under finance leases are recorded as receivables at the amount of the Group's net investment in the lease. Finance lease income is allocated to accounting periods so as to reflect a constant rate of return on the Group's net investment outstanding in respect of the leases. Direct costs such as commissions are included in the initial measurement of the finance lease receivables.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease.

**The Group as lessee**

Assets held under finance leases, which confer rights and obligations similar to those attached to owned assets, are capitalised at their fair value and depreciated over the useful lives of assets. The capital element of each future lease obligation is recorded as a liability, while the interest elements are charged to the Consolidated Statement of Operations over the period of the leases to produce a constant rate of charge on the balance of capital payments outstanding.

Payments made under operating leases are charged to the Consolidated Statement of Operations on a straight-line basis over the term of the lease. When an operating lease is terminated before the lease period has expired, any payment required to be made to the lessor by way of penalty is recognised as an expense in the period in which termination takes place.

**2.13. Properties held for resale**

Properties held for resale are accounted for at historical cost less allowance for permanent diminution in value and are included in Other assets in the Consolidated Balance Sheet. Properties held for resale include property held for sale in the normal course of business as a result of construction or development, real estate held due to work out of loans and property acquired exclusively with a view to subsequent disposal in the near future.

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES [continued]**

**2.14. Insurance reserves**

Insurance reserves are accrued for liabilities from life and non-life insurance contracts and are included in Other liabilities. The level of such reserves reflects the amount of future liabilities expected as at the date of the consolidated financial statements. The provision for outstanding claims and claim settlement expenses for non-life policies are based upon estimates of the expected losses for all classes of business. The reserve includes reported claims, claims incurred but not reported and claim adjustment expenses. This provision takes into account mortality factors within Hungary and other countries where insurance operations are conducted and is based upon mortality tables approved by regulatory authorities.

**2.15. Treasury shares**

Treasury shares are purchased on the stock exchange and the over-the-counter market by the Bank and its subsidiaries and are presented in the Consolidated Balance Sheet at acquisition cost as a deduction from consolidated shareholders' equity.

Gains and losses on the sale of treasury shares are credited or charged directly to consolidated retained earnings and reserves.

**2.16. Interest Income and Interest Expense**

Interest income and expense are recognised in the Consolidated Statement of Operations on an accrual basis. Revenue is recognised as the interest accrues using the effective interest method that is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial instrument to the net carrying amount of the financial asset.

**2.17. Fees and Commissions**

Fees and commissions are recognised in the Consolidated Statement of Operations on an accrual basis.

**2.18. Income taxes**

The annual taxation charge is based on the tax payable under fiscal regulations prevailing in the country where the company is incorporated, adjusted for deferred taxation.

Deferred taxation is accounted for using the balance sheet liability method in respect of temporary differences between the tax bases of assets and liabilities and their carrying value for financial reporting purposes, measured at the tax rates that apply to the future period when the asset is expected to be realised or the liability is settled.

**2.19. Off-balance sheet commitments and contingent liabilities**

In the ordinary course of its business, the Group has entered into off-balance sheet commitments such as guarantees, commitments to extend credit and letters of credit and transactions with financial instruments. The provision for losses on commitments and contingent liabilities is maintained at a level adequate to absorb probable future losses. Management determines the adequacy of the allowance based upon reviews of individual items, recent loss experience, current economic conditions, the risk characteristics of the various categories of transactions and other pertinent factors.

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES [continued]**

**2.19. Off-balance sheet commitments and contingent liabilities [continued]**

The Group recognises a provision when it has a present obligation as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and a reliable estimate can be made of the obligation.

**2.20. Share-based compensation**

The Bank has applied the requirements of IFRS 2 Share-based Payments. In accordance with the transitional provisions, IFRS 2 has been applied to all grants of equity instruments after 7 November 2002 that were unvested as of January 1, 2005.

The Bank issues equity-settled share-based compensations to certain employees. Equity-settled share-based compensations are measured at fair value at the date of grant. The fair value determined at the grant date of the equity-settled share-based compensations is expensed on a straight-line basis over the year, based on the Bank's estimate of shares that will eventually vest.

Fair value is measured by use of a binomial model. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions, and behavioural considerations.

**2.21. Consolidated Statement of Cash Flows**

For the purposes of reporting consolidated cash flows, cash and cash equivalents include cash, due from banks and balances with the National Bank of Hungary, excluding compulsory reserve established by the National Bank of Hungary. Consolidated cash flows from hedging activities are classified in the same category as the item being hedged.

**2.22. Segment reporting**

Segment information is based on two segments formats. The primary format represents the Group's geographical markets. The secondary format represents two business segments – banking (finance) and insurance.

Segment results include revenue and expenses directly attributable to a segment and the relevant portion of revenue and expenses that can be allocated to a segment, whether from external transactions or from transactions with other segments of the Group.

Unallocated items mainly comprise administrative expenses. Segment results are determined before any adjustments for minority interest.

Segment assets and liabilities comprise those operating assets and liabilities that are directly attributable to the segment on a reasonable basis. Segment assets are determined after deducting related adjustments that are reported as direct offsets in the Group's balance sheet.

**2.23. Comparative figures**

Certain amounts in the 2005 consolidated financial statements have been reclassified to conform to the current year presentation.

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 3:     SIGNIFICANT ACCOUNTING ESTIMATES AND DECISIONS IN THE  
APPLICATION OF ACCOUNTING POLICIES**

The presentation of financial statements in conformity with IFRS requires the management of the Group to make judgement about estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as at the date of the financial statements and their reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant areas of subjective judgement include:

**3.1. Impairment of Loans and Advances**

The Group regularly assesses its loan portfolio for possible impairment. Management determines the adequacy of the allowances based upon reviews of individual loans and placements, recent loss experience, current economic conditions, the risk characteristics of the various categories of loans and other pertinent factors. Provisioning involves many uncertainties about the outcome of those risks and requires the management of the Group to make many subjective judgements in estimating the loss amounts.

**3.2. Valuation of Instruments without Direct Quotations**

Financial instruments without direct quotations in an active market are valued using the valuation model technique. The models are regularly reviewed and each model is calibrated for the most recent available market data. While the models are built only on available data, their use is subject to certain assumptions and estimates (eg, for correlations, volatilities, etc). Changes in the model assumptions may affect the reported market value of the relevant financial instruments.

**3.3. Provisions**

The Group is involved in a number of ongoing legal disputes. Based upon historical experience and expert reports, the Group assesses the developments in these cases, and the likelihood and the amount of potential financial losses which are appropriately provided for (see Note 16.).

**3.4. Insurance liabilities**

Insurance liabilities for life and non-life insurance contracts reflect the amount of future liabilities expected at the date of the consolidated financial statements. Such reserves are based on past experience, mortality tables and management estimates. Changes in these assumptions may affect the level of such liabilities.

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 10: HELD-TO-MATURITY INVESTMENTS (in HUF mn)**

	2006	2005
Government securities	218,688	242,094
Hungarian Government discounted Treasury Bills	28,452	29,962
Mortgage bonds	12,631	11,264
Other debt securities	<u>8,509</u>	<u>6,483</u>
Total	<u>268,280</u>	<u>289,803</u>

Interest conditions and the remaining maturities of investments in debt securities can be analysed as follows:

	2006	2005
Within five years		
with variable interest	30,773	60,836
with fixed interest	<u>176,092</u>	<u>155,524</u>
	<u>206,865</u>	<u>216,360</u>
Over five years		
with variable interest	37,246	43,051
with fixed interest	<u>24,169</u>	<u>30,392</u>
	<u>61,415</u>	<u>73,443</u>
Total	<u>268,280</u>	<u>289,803</u>

Approximately 81% and 80% of the debt securities portfolio was denominated in HUF as at December 31, 2006 and 2005, respectively. In most cases, interests on variable rate bonds are based on the interest rates of 90-day Hungarian Government Treasury bills and are adjusted semi-annually.

Interest rates on fixed interest securities denominated in HUF are ranged from 2.2% to 10% and from 3.25% to 10% as at December 31, 2006 and 2005, respectively. Interest on fixed rate and variable rate securities is, in most cases, paid semi-annually.

The fair value of held-to-maturity investments was HUF 267,589 million and HUF 291,894 million as at December 31, 2006 and 2005, respectively.

An analysis of the change in the allowance for permanent diminution in value is as follows:

	2006	2005
Balance as at January 1	--	30
Release of allowance	--	<u>(30)</u>
Balance as at December 31	<u>--</u>	<u>--</u>

Foreign currency translation differences	(50)	(3)
Balance as at December 31	<u>15,156</u>	<u>7,376</u>

Movements in insurance liabilities can be summarized as follows:

	2006	2005
Balance as at January 1	130,354	98,591
Net increase in insurance liabilities	31,379	31,763
Increase due to the acquisition	830	--
Foreign currency translation differences	44	--
Balance as at December 31	<u>162,607</u>	<u>130,354</u>

**NOTE 17: SUBORDINATED BONDS AND LOANS**

In 1993, the Bank issued HUF 5 billion in bonds, which are subordinated to the other liabilities of the Bank and subscribed by the Hungarian Ministry of Finance. Interest on subordinated bonds and the frequency of payment of interests are based on condition of interest of 2013/C credit consolidated government bonds, which is a variable-rate bond, the interest payable and the rate of interest are fixed twice a year. The semi-annual interest payable was 4.36% as at December 20, 2002, 3.25% as at June 20, 2003, 4.8% as at December 20, 2003, 4.88% as at June 20, 2004 and 6.05% as at December 20, 2004, 5.46% as at June 20, 2005, 3.08% as at December 20, 2005, 3.10% as at June 20, 2006, 3.79% as at December 20, 2006. The original maturity was 20 years. The proceeds of the subordinated bonds were invested in Hungarian Government bonds with similar interest conditions and maturity.

In December 1996, the Bank obtained a USD 30 million and DEM 31,14 million (15,92 million in EUR) subordinated loan from the European Bank for Reconstruction and Development with the original maturity of December 27, 2006. The maturity date was modified to August 27, 2008 on August 22, 2003. The loan is unsecured, subordinate to the other liabilities and has a twelve-year maturity, with interest payable at six-month LIBOR + 1.4% from December 27, 1996 until December 29, 1997, at six-month LIBOR + 1.0% from December 29, 1997 until June 28, 1999, at six-month LIBOR + 1.7% from June 28, 1999 until December 27, 2003 and at six-month LIBOR + 1.35% from December 28, 2003 until August 27, 2008.

On March 4, 2005, the Bank issued EUR 125 million in bonds, which are subordinated to the other liabilities of the Bank. Interest on subordinated bonds is variable and payable at three-month EURIBOR + 0.55% quarterly. The original maturity of the bonds is 10 years.

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 17: SUBORDINATED BONDS AND LOANS [continued]**

On October 31, 2006 the Bank issued perpetual subordinated (UT2) bonds to finance acquisitions. The 500 EUR million nominal value bonds were issued at 99.375% of the face value with November 7, 2006 as payment date. The re-offer spread is 200 basis points over 10 year mid-swap. The bonds are perpetual and callable after year 10. The bonds bear a fixed coupon of 5.875%, with annual interest payments in the first 10 years, and a floating (variable) coupon of 3 months EURIBOR + 300 basis points per annum, quarterly thereafter. The bonds will be introduced to the Luxembourg Stock Exchange.

On August 30, 2006 the Bank updated EMTN Program (European Medium Term Note Program) and increased the Program amount from EUR 1 billion to EUR 3 billion.

Under the EMTN Program on September 12, 2006 the Bank issued fixed rate subordinated bonds in a total nominal value of EUR 300 million to finance acquisitions. The EUR 300 million nominal value bonds were issued at 100% of the face value with September 19, 2006 as payment date, and September 19, 2016 as maturity date. The bonds bear a coupon of 5.27%.

In December 1999, the CJSC OTP Bank obtained a USD 10 million subordinated loan from the European Bank for Reconstruction and Development with the maturity date of December 23, 2009. The interest on subordinated loan is 8.08%. The repayment of the loan will be completed semi-annually, in five equal instalments, the first repayment date is December 23, 2007.

In July 3, 2003, the CJSC OTP Bank obtained an USD 5 million subordinated loan from the European Bank for Reconstruction and Development with the maturity date of June 23, 2010. The interest on subordinated loan is 8.13%. The repayment of the loan will be completed semi-annually in four equal instalments, the first repayment date is January 3, 2009.

**NOTE 24: FINANCIAL INSTRUMENTS**

A financial instrument is any contract that gives rise to the right to receive cash or another financial asset from another party (financial asset) or the obligation to deliver cash or another financial asset to another party (financial liability).

Financial instruments may result in certain risks to the Group. The most significant risks the Group faces include:

***Credit risk***

The Group takes on exposure to credit risk which is the risk that a counter-party will be unable to pay amounts in full when due. The Group structures the levels of credit risk it undertakes by placing limits on the amount of risk accepted in relation to one borrower, or Banks of borrowers, and to geographical and industry segments. Such risks are monitored on a revolving basis and subject to an annual or more frequent review. The exposure to any one borrower including banks and brokers is further restricted by sub-limits covering on and off-balance sheet exposures and daily delivery risk limits in relation to trading items such as forward foreign exchange contracts. Actual exposures against limits are monitored daily.

Exposure to credit risk is managed through regular analysis of the ability of borrowers and potential borrowers to meet interest and capital repayment obligations and by changing these lending limits where appropriate. Exposure to credit risk is also managed in part by obtaining collateral and corporate and personal guarantees.

***Market risk***

The Group takes on exposure to market risks. Market risks arise from open positions in interest rate, currency and equity products, all of which are exposed to general and specific market movements. The Group applies a 'value at risk' methodology to estimate the market risk of positions held and the maximum losses expected, based upon a number of assumptions for various changes in market conditions. The Management Board sets limits on the value of risk that may be accepted, which is monitored on a daily basis.

***Liquidity risk***

See Note 33.

***Foreign currency risk***

See Note 34.

***Interest rate risk***

See Note 35.

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 25: OFF-BALANCE SHEET ITEMS AND DERIVATIVE FINANCIAL INSTRUMENTS (in HUF mn)**

In the normal course of business, the Group becomes a party to various financial transactions that are not reflected on the balance sheet and are referred to as off-balance sheet financial instruments. The following represent notional amounts of these off-balance sheet financial instruments, unless stated otherwise.

**(a) Contingent liabilities**

	2006	2005
Commitments to extend credit	854,193	620,231
Guarantees arising from banking activities	183,256	118,203
Confirmed letters of credit	23,800	12,850
Legal disputes	6,311	4,180
Others	<u>41,084</u>	<u>164</u>
Total	<u>1,108,644</u>	<u>755,628</u>

**Commitments to extend credit, from guarantees and letters of credit**

The primary purpose of these instruments is to ensure that funds are available to a customer as required. Guarantees and standby letters of credit, which represent irrevocable assurances that the Group will make payments in the event that a customer cannot meet its obligations to third parties, carry the same credit risk as loans. Documentary and commercial letters of credit, which are written undertakings by the Group on behalf of a customer authorising a third party to draw drafts on the Group up to a stipulated amount under specific terms and conditions, are collateralised by the underlying shipments of goods to which they relate and therefore carry less risk than a direct borrowing.

Commitments to extend credit represent unused portions of authorisations to extend credit in the form of loans, guarantees or letters of credit. With respect to credit risk on commitments to extend credit, the Group is potentially exposed to loss in an amount equal to the total unused commitments. However, the likely amount of loss is less than the total unused commitments since most commitments to extend credit are contingent upon customers maintaining specific credit standards.

Guarantees, irrevocable letters of credit and undrawn loan commitments are subject to similar credit risk monitoring and credit policies as utilised in the extension of loans. The management of the Group believes the market risk associated with guarantees, irrevocable letters of credit and undrawn loans commitments to be minimal.

OTP BANK PLC.

FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 25: OFF-BALANCE SHEET ITEMS AND DERIVATIVE FINANCIAL INSTRUMENTS (in HUF mn) [continued]**

*(a) Contingent liabilities [continued]*

**Legal disputes**

At the balance sheet date the Group was involved in various claims and legal proceedings of a nature considered normal to its business. The level of these claims and legal proceedings correspond to the level of claims and legal proceedings in previous years.

The Group believes that the various asserted claims and litigations in which it is involved will not materially affect its financial position, future operating results or cash flows, although no assurance can be given with respect to the ultimate outcome of any such claim or litigation. Provisions due to legal disputes were HUF 4,413 million and HUF 2,138 million as at December 31, 2006 and 2005, respectively. (See Note 16.)

Dated stock transactions		
Assets	149	--
Liabilities	<u>149</u>	--
Net	<u>--</u>	--
Net fair value	<u>3</u>	<u>--</u>

The Group maintains strict control limits on net open derivative positions, i.e. the difference between purchase and sale contracts, by both amount and term. At any one time the amount subject to credit risk is limited to the current fair value of instruments that are favourable to the Group (i.e. assets), which in relation to derivatives is only a small fraction of the contract or notional values used to express the volume of instruments outstanding. This credit risk exposure is managed as part of the overall lending limits with customers, together with potential exposures from market movements. Collateral or other security is not usually obtained for credit risk exposures on these instruments, except of trading with clients, where the Group in most of the cases requires margin deposits.

As December 31, 2006, the Group has derivative instruments with positive fair values of HUF 27,816 million and negative fair values of HUF 11,706 million. Positive fair values of derivative instruments designated as hedge accounting relationships are included in other assets, while positive fair values of derivative instruments designated as held for trading are included in financial assets at fair value through statements of operations. Negative fair values of derivative instruments are included in other liabilities. Corresponding figures as at December 31, 2005 are HUF 10,533 million and HUF 10,429 million.

**Foreign currency contracts**

Foreign currency contracts are agreements to exchange specific amounts of currencies at a specified rate of exchange, at a spot date (settlement occurs two days after the trade date) or at a forward date (settlement occurs more than two days after the trade date). The notional amount of these contracts does not represent the actual market or credit risk associated with these contracts.

Foreign currency contracts are used by the Group for risk management and trading purposes. The Group's risk management foreign currency contracts were used to hedge against exchange rate fluctuations on loans and advances to credit institutions denominated in foreign currency.

**Foreign exchange swaps and interest rate swaps**

The Group enters into foreign-exchange swap and interest rate swap transactions. The swap transaction is a complex agreement concerning the swap of certain financial instruments, which usually consist of a prompt and one or more futures contracts.

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 25: OFF-BALANCE SHEET ITEMS AND DERIVATIVE FINANCIAL INSTRUMENTS (in HUF mn) [continued]**

*(b) Derivatives and other options (nominal amount, unless otherwise stated) [continued]*

**Foreign exchange swaps and interest rate swaps [continued]**

Interest rate swaps obligate two parties to exchange one or more payments calculated with reference to fixed or periodically reset rates of interest applied to a specific notional principal amount. Notional principal is the amount upon which interest rates are applied to determine the payment streams under interest rate swaps. Such notional principal amounts often are used to express the volume of these transactions but are not actually exchanged between the counterparties.

The Group's interest rate swaps were used for management of interest rate exposures and have been accounted for at mark-to-market fair value.

**Forward rate agreements**

A forward rate agreement is an agreement to settle amounts at a specified future date based on the difference between an interest rate index and an agreed upon fixed rate. Market risk arises from changes in the market value of contractual positions caused by movements in interest rates.

The Group limits its exposure to market risk by entering into generally matching or offsetting positions and by establishing and monitoring limits on unmatched positions. Credit risk is managed through approval procedures that establish specific limits for individual counterparties. The Group's forward rate agreements were transacted for management of interest rate exposures and have been accounted for at mark-to-market fair value.

For an analysis of the allowance for losses on off balance sheet commitments and contingent liabilities, see Note 16.

**NOTE 26: SHARE-BASED COMPENSATION**

The terms of the options relating to the years of 2005 to 2009 were approved by the Annual General Meeting of 2005. The grant date of these options is April 29, 2005. The maximum number of shares which are available is 2.92 million pieces.

The 2006 Annual General Meeting approved a five year share option program for the years of 2006 to 2010 under which options are granted annually.

The exercise price of the options of 2005 is calculated as the average of the market price of OTP shares quoted by the BSE daily during the two month period ending on the last day of the month of the Annual General Meeting.

The exercise prices of the options relating to the years of 2006 to 2010 is calculated as the average of the market price of OTP shares quoted by the BSE daily during the period between April 30 and May 30 in the actual year and decreased by HUF 1,000. In that case if the average price of the shares exceeds by more than HUF 3,000 the exercise price one day before the date of exercise the exercise price would be increased by the amount above the HUF 3,000.

**OTP BANK PLC.**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2006**

**NOTE 26: SHARE-BASED COMPENSATION [continued]**

The exercise period of the options granted for the year of 2005 is two years and for the years of 2006 to 2010 is 19 months. The exercise period of the option program for the years of 2006 to 2010 must be opened at June 1, in the actual year. If the options remain unexercised before the end of the exercise period the options expire. Additionally, options are forfeited if the employee leaves the Bank before the options vest.

	For the year ended December 31, 2006		For the year ended December 31, 2005	
	Options (piece of shares)	Weighted average exercise price (in HUF)	Options (piece of shares)	Weighted average exercise price (in HUF)
Outstanding at beginning of period	3,346,200	6,079	3,575,930	2,552
Granted during the period	3,832,000	7,038	4,251,500	5,446
Forfeited during the period	218,430	6,536	30,000	3,107
Exercised during the period	2,159,945	5,174	4,451,230	2,661
Outstanding at the end of the period	4,799,825	7,231	3,346,200	6,079
Exercisable at the end of the period	1,799,825	6,536	446,200	3,107

The weighted average share price for share options of 2004 exercised during the one year period ended December 31, 2006 was HUF 7,190 at the date of exercise. The options outstanding at December 31, 2006 and at December 31, 2005 had a weighted average exercise price of HUF 7,231 and HUF 6,079 with a weighted average remaining contractual life of 22 and 18 months, respectively.

The inputs into the Binominal model are as follows:

	<b>2006</b>	<b>2005</b>	<b>2004</b>
Weighted average share price (HUF)	5,969	6,060	2,210
Weighted average exercise price (HUF)	4,882	6,536	1,264
Expected volatility (%)	36	35	30
Expected life (average year)	0.52	3.34	3.42
Risk free rate (%)	6.71	7.46	7.17
Expected dividends (%)	3.35	2.41	1.24

Expected volatility was determined by calculating the historical volatility of the Bank's share price three months prior to the grant date. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions, and behavioural considerations.

In connection with the share-based compensation programs approved by the Bank and applying IFRS 2, HUF 5,927 million and HUF 7,497 million has been recognised as an expense for year ended December 31, 2006 and 2005, respectively.

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 27: RELATED PARTY TRANSACTIONS**

The members of the Board of Directors and the Supervisory Board had credit lines of HUF 190 million and HUF 188 million as at December 31, 2006 and 2005. Such credit is made available at normal market conditions.

In the normal course of business, the Bank gives loans and provides services to other related parties at normal market conditions. The amount of these loans was HUF 438 million and HUF 283 million, with commitments to extend credit and guarantees of HUF 108 million and HUF 112 million as at December 31, 2006 and 2005, respectively.

The amount of loans extended to unconsolidated subsidiaries was HUF 39,440 million and HUF 45,603 million as at December 31, 2006 and 2005, respectively.

The compensation of key management personnel, such as the members of the Board of Directors, members of the Supervisory Board, key employees of the Bank and its major subsidiaries involved in the decision-making process according to the compensation categories defined in IAS 24, is summarised below:

	2006	2005
Short-term employee benefits	6,530	9,964
Other long-term employee benefits	3,063	--
Termination benefits	127	15
Share-based compensation	<u>2,744</u>	<u>4,517</u>
Total	<u>12,464</u>	<u>14,496</u>

**NOTE 28: CASH AND CASH EQUIVALENTS (in HUF mn)**

	2006	2005
Cash, due from banks and balances with the National Bank of Hungary	532,625	483,191
Compulsory reserve established by the National Bank of Hungary	<u>(135,967)</u>	<u>(121,195)</u>
	<u>396,658</u>	<u>361,996</u>

**NOTE 29: ACQUISITIONS (in HUF mn)**

**a. Purchase and consolidation of subsidiary undertakings**

On March 7, 2006 the Group completed the acquisition of 89.39% of the shares of Niška banka a.d. The total purchase price of Niška banka was EUR 14,21 million. OTP Bank holds 99.95% of Niška banka a.d. as at December 31, 2006.

On October 13, 2006 the Group completed the acquisition of 75.10% of shares of Serbian Zepter banka a.d. The total purchase price was USD 41,3 million.

On October 30, 2006 the Bank signed the purchase agreement on acquiring the majority interest in Russian Investsberbank OAO. Since then, they signed the sales and purchase agreement. The total purchase price was EUR 477 million.

On June 1, 2006 the Bank signed the sale and purchase agreement for the acquisition of a 100% stake in Raiffeisenbank Ukraine (RBUA) - renamed as CJSC OTP Bank (Ukraine).

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 29: ACQUISITIONS (in HUF mn) [continued]**

**a. Purchase and consolidation of subsidiary undertakings [continued]**

OTP transferred the purchase price of EUR 650 million on November 20, 2006, upon receipt of the necessary approvals.

On July 7, 2006 the Group completed the acquisition of 67% of these shares of Kulska banka a.d. Novi Sad (Kulska banka). The total price was EUR 118,6 million. On August 29, 2006 the Group completed the acquisition of 67% of these shares of Crnogorska komercijalna banka. The total price was EUR 104 million. The control over these companies is exercised from January 1, 2007.

On March 10, 2005 the Group completed the acquisition of 95.59% of the shares of OTP banka Hrvatska d.d. (renamed Nova banka d.d.), which has subsequently been increased to 100%. The total purchase price of Nova banka d.d. of EUR 248 million was provided in cash. The Bank acquired 100% of the shares of OTP banka Hrvatska d.d. through a series of transactions.

The fair value of the assets and liabilities acquired, and related goodwill is as follows:

	<i>At acquisition date Niška banka a.d, Zepter banka a.d, Investsberbank OAO, CJSC OTP Bank</i>	<i>At acquisition date OTP banka Hrvatska d.d.</i>

**NOTE 31: TRUST ACTIVITIES**

The Bank acts as a trustee for certain loans granted by companies or employers to their employees, mainly for housing purposes. The ultimate risk for these loans rests with the party advancing the funds. As these loans and related funds are not considered to be assets or liabilities of the Bank, they have been excluded from the accompanying Consolidated Balance Sheet. The total amount of such loans managed by the Bank as a trustee amounted to HUF 46,212 million and HUF 46,825 million as at December 31, 2006 and 2005, respectively.

**NOTE 32: CONCENTRATION OF ASSETS AND LIABILITIES**

Approximately 13% and 19% of the Group's total assets consist of receivables from, or securities issued by the Hungarian Government or the National Bank of Hungary as at December 31, 2006 and 2005, respectively.

**NOTE 33: MATURITY ANALYSIS OF ASSETS AND LIABILITIES AND LIQUIDITY RISK (in HUF mn)**

Liquidity risk is a measure of the extent to which the Group may be required to raise funds to meet its commitments associated with financial instruments. The Group maintains its liquidity profiles in accordance with regulations laid down by the National Bank of Hungary. The following tables provide an analysis of assets, liabilities and shareholders' equity into relevant maturity groupings based on the remaining period from the balance sheet date to the contractual maturity date. It is presented under the most prudent consideration of maturity dates where options or repayment schedules allow for early repayment possibilities.

The table above provides an analysis of the Group's main currency exposures. The remaining currencies are shown within 'Others'. Whilst the Group monitors its foreign exchange position for compliance with the regulatory requirements of the National Bank of Hungary and own limit system established in respect of limits on open positions. The measurement of the Group's open foreign currency position involves monitoring the 'value at risk' limit on the foreign exchange exposure of the Group.

**NOTE 35: INTEREST RATE RISK MANAGEMENT (in HUF mn)**

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. The length of time for which the rate of interest is fixed on a financial instrument, therefore, indicates to what extent it is exposed to interest rate risk.

The majority of the Group's interest bearing assets and liabilities are structured to match either short-term assets and short-term liabilities, or long-term assets and liabilities with repricing opportunities within one year, or long-term assets and corresponding liabilities where repricing is performed simultaneously.

In addition, the significant spread existing between the different types of interest bearing assets and liabilities enables the Group to benefit from a high level of flexibility in adjusting for its interest rate matching and interest rate risk exposure.

The following table presents the interest repricing dates of the Group. Variable yield assets and liabilities have been reported according to their next repricing date. Fixed income assets and liabilities have been reported according to their maturity.

**NOTE 36: EARNINGS PER SHARE**

Consolidated Earnings per share attributable to the Group's common shares are determined based on dividing consolidated net income for the year attributable to common shareholders, by the weighted average number of common shares outstanding during the period.

	2006	2005
Consolidated net income (in HUF mn)	187,051	158,235
Weighted average number of common shares outstanding during the year for calculating basic EPS (piece)	<u>259,171,517</u>	<u>262,195,663</u>
Consolidated Basic Earnings per share (in HUF)	<u>722</u>	<u>603</u>
Weighted average number of common shares outstanding during the year for calculating diluted EPS (piece)	<u>261,948,322</u>	<u>264,320,310</u>
Consolidated Diluted Earnings per share (in HUF)	<u>714</u>	<u>599</u>

The weighted average number of common shares outstanding during the period does not include treasury shares.

Diluted Earnings per share are determined after additionally taking into consideration the option rights granted.

**NOTE 38: SIGNIFICANT EVENTS DURING THE YEAR ENDED  
DECEMBER 31, 2006**

Based on the decision of the Annual General Meeting of 2005, the Bank repurchased 1,000,000 own shares between January 1 and 25, 2006 at an average price of HUF 7,405.

On October 24, 2005 the Bank made a binding bid for purchasing the 89.39% of the shares of Niška Banka a.d. registered in Serbia. The sale and purchase agreement was signed on December 23, 2005 at the price of EUR 14,21 million. The transaction was closed on March 7, 2006.

On March 31, 2006 the Bank made a sale and purchase agreement on buying the 75.1% of the shares of the privately owned Zepter banka a.d. Beograd registered in Serbia. The Bank transferred the purchase price of USD 41,305 million on October 13, 2006, upon receipt of the necessary regulatory approvals.

On June 1, 2006 the Bank signed the sale and purchase agreement for the acquisition of a 100% stake in Raiffeisenbank Ukraine (RBUA) - renamed as CJSC OTP Bank (Ukraine). OTP transferred the purchase price of EUR 650 million on November 20, 2006, upon receipt of the necessary approvals.

On July 3, 2006 the Bank signed the sale and purchase agreement for the acquisition of a 96.4 % share package of the Investbank Group in Moscow, the capital of the Russian Federation. OTP Bank transferred the 90% of the USD 477 million (EUR 373 million) purchase price upon receipt of the required Russian and Hungarian regulatory approvals on October 30, 2006, while 10% was deposited on an escrow account for a term of one year to cover any guarantee claims.

On July 7, 2006 the Bank signed the sale and purchase agreement on acquiring a majority interest in Kulska banka a.d. Novi Sad registered in Serbia. The Bank transferred a purchase price of EUR 118,6 million for the 67% share package, on December 28, 2006, upon receipt of the necessary regulatory approvals.

On August 29, 2006 the Bank signed the sale and purchase agreement on acquiring the 100% stake in Crnogorska komercijalna banka a.d. (CKB) registered in Montenegro. The purchase price of EUR 104 million was transferred on December 18, 2006 in possession of the necessary approvals.

OTP BANK PLC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

**NOTE 38:    SIGNIFICANT EVENTS DURING THE YEAR ENDED  
DECEMBER 31, 2006 [continued]**

On October 19, 2006 the Bank sold 14,5 million treasury shares owned by OTP Group through an issue of Income Certificates Exchangeable for Shares („ICES”). Within the transaction 10 million shares owned by OTP Bank, and 4,5 million shares owned by OTP Fund Management Ltd. were sold during the underwriting period of ICES on the weighted average market price (HUF 7,080) of the Budapest Stock Exchange. The shares have been purchased by Opus Securities S.A., which issued an exchangeable bond with a total face value of EUR 514,274,000 backed by those shares. The exchangeable bonds have been sold at 32% premium over the selling price of the shares. The EUR denominated exchangeable bonds are without final maturity and the investors can exercise the conversion right between year 6 and 10. The bonds carry a fixed coupon of 3.95% during the first 10 years thereafter the Issuer has the right to buy back the bonds at face value. Following the year 10, the bonds carry a coupon of 3 month Euribor +3%.

If the Bank pays dividend on its ordinary shares, than under the subordinated swap agreement, the Bank has to pay the interest on ICES while receives an amount equals to the dividend on the shares owned by Opus.

**NOTE 39:    POST BALANCE SHEET EVENTS**

On February 26, 2007 the Bank issued EUR 750 million floating rate note due 2009 under the EUR 3 billion EUR Medium Term Program.

On February 26, 2007 the Bank also issued EUR 200 million 5.27% subordinated notes due September 19, 2016 under the same program.
